- ICC Pay Raise 4886 has a huge future in front of him and is one of the most admired bulls at ORigen. He is one of the most attractive, sound, gentle bulls with growth and thickness we've ever worked with. While he's a superstar on paper, he's even better with his phenotype because he is a model of beef type and functional correctness.
- 4886 was the leadoff and \$22,000 top-selling bull in the 2015 Idland Cattle Co. Bull Sale. This remarkable beef bull has the unique combination of traits along with unsurpassed docility and muscle to make him a breed leader for the next decade. If you want power and stature with moderate birth, this stud blends the best from his two closest sires.
- Dam's Production: 4 BR 96, 4 NR 102, 2 YR 105. She is a very feminine, moderate, correct donor while the Pathfinder 8180 grandam records 9 BR 96, 9 NR 107, 7 YR 105 and produced in the Idland ET program until 17 years of age.
- Co-owned by ABS Global, WI, Idland Cattle Co, MT, Mill Coulee Angus, WI, Derk Radloff, IA and GW Genetics, MT.

- The cowman's favorite at ORigen...he's medium framed, full bodied and thick. You'll be even more impressed when you see the robust ribcage, the muscle down his top and the way he carries depth in to his lower quarter. This bull is full of meat.
- A sleep-all-night heifer bull with high accuracy EPDs, great feet and docile disposition. He is setting the industry standard for calving ease, muscle, phenotype and producers who use him remark that the early calf vigor is outstanding.
- Aviator is homozygous TT for the Leptin gene that improves feed efficiency, appetite, marbling and maternal strength. Since coming across the Canadian border in March, 2016 he has been a leader in direct ORigen semen sales, acclaimed as a bull whose progeny should withstand and prosper in harsh environmental conditions. He combines top 10% values for both RADG and DMI balancing outputs and inputs demonstrating true production efficiency.
- Cattlemen have commented that as a mature bull Aviator has so much top shape, hip and stifle expression as any bull they have seen for a while and desire to build their cowherd in that direction. Here is a bull that will turn around your entire cowherd.
- Co-owned by Idland Cattle Co, MT, Reece Idland, MT, Linz Heritage Angus, IN, Sharpe Angus, WY and GW Genetics, MT.

- The \$125,000 Lot 1 and high selling individual in the 2017 National Angus Finals Sale with an impressive EPD spread profile and performance tabulation that is unmatched anywhere. He combines the best of both worlds with low birth, high growth and impeccable phenotype.
- Individual performance: BW 68 lbs., BR 93, 205 wt. 888 lbs., 365 wt. 1490 lbs., YWR 117, adjusted yearling scrotal measurement: 41 cm.
- The dam, Lha Lady 116-410 is in the top 10% of the breed for 14 traits. The grandam, RB Lady 890-116 was an \$80,000 selection of Ingram Angus, TN in the 2017 Linz Heritage Sale is in the top 10% for 10 traits. The \$170,000 foundation 3rd dam, RB Lady Standard 305-890 featured at Herbst Angus, NE is in the top 10% for 14 traits.
- Maternal sisters to the dam include the \$128,000 valuation top selling heifer calf in the 2017 Linz Heritage Sale selected by High Roller Angus, TX, the \$111,000 second top selling heifer to Hertado Livestock, IL and the \$40,000 selection of Powell Farms, TN in the 2015 Riley Bros. Production Sale.
- This big 41 cm. Aviator son is designed for sure fire calving ease with tremendously balanced EPDs and maternal excellence that is the prototype for the kind that is easy to raise and easy to sell.
- Co-owned with Linz Heritage Angus, IN, Idland Cattle Co., MT Frank Brumfield, IL, Bruiser & Blade Farms, OR, HS Cattle Co., TN, Martin Family Simmentals, TN and Fisher Angus, OK.

- If you want power, length, performance, docility and eye appeal, Tour of Duty will catch your eye and leave a very favorable impression. He was the number one bull in the breed for registrations the past fiscal year.
- Tour of Duty is an industry giant who stamps his daughters with small teats, level attractive udders and superior udder structure. This quiet massive bull with great feet and leg structure continues to be one of the top volume semen production sires at ORigen.
- Here is a bull that combines the three "P's" of pedigree, performance and phenotype. Bulls and females sired by Tour of Duty and from the Lady cow family have broken test station and sale records. They also score really well on the genomic tests enabling them to maintain an elite genomic enhanced EPD profile with strong growth and carcass weight advantages.
- He will throw moderately sized calves at birth, they will grow like there is no tomorrow and then turn into great mother cows.
- Co-owned by Crouch Angus Valley, IA, Riley Bros., WI, Idland Cattle Co., MT and GW Genetics, MT.

- This Tour of Duty son has lots of early, explosive growth. The likelihood of excellence increases dramatically when you have two generations of strong sires at work. His dam is a full sister to Hoover Dam, one of the top siring bulls throughout the country.
- This bull had tremendous individual performance with a birth weight of 82 lbs., 205 wt of 886 lbs., 365 day weight of 1390 lbs., adjusted scrotal measurement of 38.3 cm.
- Dam's production: 2 NR 103. Grandam's production: 6 BR 96, 6 NR 114, 6 YR 106 - Pathfinder.
- 536 is a mirror image of his sire, RB Tour of Duty 177 as a young sire. He is one powerful dude and he packs a tremendous amount of performance into a phenotypically awesome package. He is the cowboy's kind...moderate framed and full of red meat. If you believe in genetics, then you should shop where success is a habit, not a dream. Tour of Duty and Hoover Dam have blazed a big trail at ORigen and this cow family is a winner.
- Co-owned by Linz Heritage Angus, IN, Idland Cattle Co., MT Charlie Swenson, MN and GW Genetics, MT.

- A sure-fire calving ease Pay Raise son that soars to the top for feed efficiency with a very unique RADG/DMI combo that compares inputs versus outputs. He ranks in the top 1% for performance outputs (RADG) with top 2% for (Dry Matter Intake). He is designed for real world production with +.83 \$EN.
- Individual performance: BW 56 lbs., BR 72, 205 wt. 720 lbs., WWR 107, 365 wt. 1139 lbs., YWR 105, adj. scrotal measurement 36.2 cm. Progeny ratios: BR 97, WWR 101, YWR 101, Scrotal 101.
- Dam's production: 7 BR 83, 7 NR 106, 5 YR 105. She posts 6 IMF 119, RE 109. She produced the \$12,000 Expansion Bridge featured at Frosty Creek Angus who topped the 2011 ICC Bull Sale and stems from the same cow family that produced the ABS Global feature, "Pfred".
- Technology has brought a whole new ball game to the beef industry. From the cowboy's "good eye" to weights and ratios, to EPDs, carcass data to one-step sire reports with genomics.
- The new push is to identify superior feed efficiency to insure bottom line profitability. 4885 has the unique combination of traits along with the unsurpassed consumption and conversion to be a breed leader in ranch country.
- Co-owned by Derk Radloff, IA and Idland Cattle Co., MT.

- There is no doubt that the Payweight line of cattle excels for growth and carcass weight in the Angus data base. The 107S advantage also includes docility, scrotal, ribeye and length of body to the Angus breed.
- Mill Coulee Payweight 419 is long...really long bodied and is a full brother to the deceased high growth sire, Mill Coulee Pay Raise, the \$50,000 ICC Payloader and the \$47,500, \$21,000 and \$10,000 full brothers at Diamond Dot.
- When you analyze all of 419's excellent performance data what stands out the most is his genomic performance/feed intake relationship. He has regular EPDs also in the top 2% for WW, YW and RADG so it's amazing that he can be labeled the bull who does more with less. That's time feed conversion.
- Dam's production: 3 BR 96, 3 NR 111, 3 YR 106 - Pathfinder. She is currently the most influential donor in the ICC program and is destined for name brand status among elite Angus donors.
- Co-owned by Mill Coulee Farms, WI, Circle L Angus, MT, Island Cattle Co., MT, Malek Angus, MT and A&K Farms, NE.

- When you look at the total package with a multi-dimensional approach, this 107S son has so much going for him: phenotype, performance, testicles, pedigree, docility and carcass traits. He was the \$50,000 Lot 1 and high selling bull in the 2016 Idland Cattle Co. Sale.
- Individual performance: BW 85 lbs., 205 wt. 792 lbs., 365 wt 1403 lbs. (ET), 4.02 ADG and 39.8 adj. yearling scrotal measurement.
- A full brother to the deceased Mill Coulee Pay Raise and Mill Coulee Payweight 419 plus \$47,500, \$21,000 and \$10,000 sons at Diamond Dot. Another maternal brother, "Strike Force" topped the 2017 ICC Bull Sale.
- Several full sisters have already worked their way to the ICC donor pen. Dam's production: 3 BR 96, 3 NR 111, 3 YR 106 - Pathfinder. She is the most influential cow in the ICC herd at this point in time.
- If you want power, length, growth and eye appeal with a proven maternal pedigree, don't overlook this rising star. This mating works every time and Payload has excelled at every check station along the trail.
- Co-owned by Linz Heritage Angus, IN, Sharpe Angus, WY, Idland Cattle Co., MT and Nemeth Angus, KS.

- It is rare to find a calving ease bull with this much rib cage and muscle in a low 6 frame package to move a herd in the right direction. He is a realistic choice to move your cattle genetically to withstand harsh environments and be rewarded when it pays at sale time plus great keeper females, too.
- Mr Aberdeen is one of the densest, deepest ribbed, high capacity bulls with great scrotal genetics and extra muscle to surface in years.
- Co-owned by Idland Cattle Co., MT, Malek Angus, MT, Brice Conover, IA, Clarke Burns, MO and Thomas Ranch, SD.

- The \$20,000 high selling bull in the first Linz Heritage Bull Sale in 2016 sired by the ABS Global featured sire, Absolute out of a full sister to the high \$W sire, American Made and the ICC growth sire, Riley.
  - Salute's dam is the \$64,000 valuation Lot 1 female in the 2016 Double R Bar Ranch Sale and she has six full sisters that have averaged over \$43,000. A flush on the dam of Salute sold in the 2015 National Finals Angus Sale for \$29,000 with an \$18,000 pregnancy selling in the Double R Bar Production Sale.
  - Salute's grandam featured at Herbster Angus In NE has reached over \$3 million in progeny sales and is one of the highest accuracy cows in the entire Angus breed.
  - This pedigree is stacked with tremendous growth without sacrificing maternal and excellent phenotype. Salute is a real modern balanced trait bull designed for the beef business today and for the future. This cow family always delivers and is a winner.
  - Co-owned by Linz Heritage Angus, IN, Sharpe Angus, WY, Island Cattle Co., MT, GW Genetics, MT and Gaffney Family Cattle, WI.

--	--	--

- Hoover Dam has made his mark on the nation's cow herd not by touting a few extreme EPDs, but as a balanced trait bull without caution flags and he possesses a unique ability to produce calving ease, muscle, carcass quality, docility and phenomenal daughters with impeccable udders, slick hair coats, overall soundness and great manners.
- His semen sales have remained incredibly strong due to repeat commercial demand - buyers cite his predictable calving ease, calf crop uniformity and highly productive, functional daughters as their biggest reasons for repeat usage. His daughters are producing AI stud herd bulls at a very high rate. Hoover Dam daughters have a highly respected reputation as a great maternal sire.
- At 10 years of age he is still one of the most popular and requested bulls to view at ORigen. He has sold over 212,000 units of semen and has grossed over \$4.4 million. Pathfinder dam posts: 6 BR 96, 6 NR 114, 6 YR 106 with 40 IMF 101, RE 102. Over 6800 progeny scanned in over 700 herds by Hoover Dam post IMF 105 and RE 101.
- He now has over 15,000 progeny through AHIR in over 1500 herds.
- Co-owned by Idland Cattle Co., MT, Sioux Pass Angus, MT, Basin Angus, MT, Stevenson's Diamond Dot, MT, GW Genetics, MT, Hoover Angus, IA, AJC Angus, IA, Express Ranches, OK, Craigmores Farms, Canada, EZ Angus, CA and A&B Cattle, NE
